

**You live in Subhuman Living Conditions ,  
Your life means nothing and has no purpose  
or meaning , you'll never amount to  
anything , you're not accepted in society ,  
you'll never achieve anything , you should  
just have your skull kicked in and lacerated  
and bashed indefinitely , you're just a  
societal reject , you're not accepted in  
society , no one cares about you fuck face ,  
we all hope you die of cancer , you are less  
than a subhuman , you are defective , you  
are useless in every way , you are indolent  
detestable trash , you are a waste of space  
time air and resources plus a waste of tax  
dollars , you should be boiled to death in hot  
excrement like it says in the Talmud , You  
should have your fucking brains lacerated  
indefinitely , I hope you finally kill yourself ,  
You are a waste of an existence , You should  
do the world a favor and kill yourself , no  
one would care if you fucking died , You are  
a liability not an asset , Kids are a Liability ..**
